

## POLICY

### The integrated management system

Management is aware of its responsibility for the quality of offered products and services and it sets standards for the quality policy in accordance with the ISO 9001:2015 and ISO 14001:2015

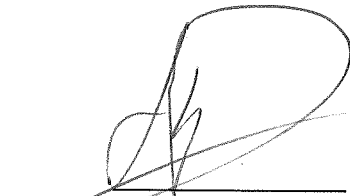

The policy objective of the IMS Templar Metal s.r.o. is continuously satisfy the requirements of our clients. This policy IMS is based on the following priorities:

1. Providing our products within the agreed deadlines, without errors; matching the expectations of the client, the most effective and timely manner, while observing the principles of prevention in the field of environmental protection and complying with legal and other requirements..
2. Increasing our co-worker's professional development through their continuous education.
3. Active co-operation of all workers to improve quality and achieve work realization "for the first time right".
4. Encourage co-workers to detect weaknesses in realization of our activities, take effective measures to eliminate deficiencies and ensure continuous improvement of quality management system.

The effectiveness of the quality policy will be regularly reviewed.
